

ONCE ALL YOU CARED ABOUT WAS
JUST BEING ON THE WATER.

YOU STILL DO, BUT YOUR FAMILY, FRIENDS AND
CRUISING DREAMS ARE GOING WITH YOU.

PRESENTING THE NEW T48.

You've grown your family. Expanded your circle of friends. Elevated your standards. But one thing hasn't changed—the sheer thrill of leaving terra firma and spending time afloat. Enter the new T48 from Hinckley, a yacht conceived to fit the evolving and more refined needs of modern-day owners, and their guests.

At just under 50 feet, she's the right size for a cruising couple, yet still roomy enough for kids, grandkids or special friends to stay a weekend, or longer. Her guest stateroom compliments the master suite, with its own private head, shower and generous storage, while her cockpit and salon are tailor-made for entertaining—natural and inviting gathering places for dinner, drinks or just admiring the world around you.

In the T48, the legendary Hinckley aesthetic is proudly on display. Handcrafted woods, flawless lines and superb detailing all combine to make her as lovely as she is safe and seaworthy.

Our designers conceived a number of interior layout options, letting owners choose the master stateroom and guest stateroom configurations that best suit their needs.

Indeed, about the only thing as impressive as the view looking out is what greets the eye when looking in. The T48 is gorgeously proportioned, with her waterline, sheer and tumblehome all in perfect harmony. And of course, crafted like nothing else in the harbor.

With a refined V-hull, the T48 crosses open water comfortably, yet she draws a mere 32 inches, making her just as capable when deserted beaches and hidden coves tempt you to explore.

And like all her predecessors, beginning with the legendary Picnic Boat, the T48 moves forward, backward or laterally with effortless precision—courtesy of our patented JetStick™ control system.

With the T48, you can still experience the joy of spending time on the water—along with the pleasure of sharing that time with others. To learn more, click [here](#). Or call 1-866-HINCKLEY.
