

## CHARTER LISTING

### “EMILIA”

#### Morris Justine 36’

##### ACCOMMODATIONS

**Emilia is a 36’ Morris Justine that sleeps six in two cabins**, a forward cabin V-berth accommodates two, main cabin settee provides a double and a single berth opposite, and there is a roomy quarter berth aft to port. The enclosed head includes shower, marine toilet, and storage. The U-shaped galley features a three-burner Propane stove with oven/broiler and large ice-box with efficient engine driven refrigeration. Opposite the galley is a full sized nav-station with custom built-in instrumentation. The electrical system includes 30AMP shore power and 12v/110v power. The Justine 36 was the first Morris/Paine design which included the ability to race as well as cross the oceans in comfort and safety bridging the gap between traditional-styled boats and modern, technically advanced underbodies. With her balanced sail plan, she created a new generation of classically styled cruising boats specifically for the short-handed cruising sailor or cruising couple of today.
